Robert

I forward you the email below from GPC re site GA031.

Kind regards
Ruth

Further to my earlier email regarding the above, please note the following to be forwarded onto Mr Bryan.

In relation to the site assessment report the examiner is correct in that there is an error in the table Appendix 1
General Site Assessment for GA031 - it says "within Conservation Area" when it should say "not in Conservation Area" as on p58 which gives the fuller assessment.

The Parish Council confirm it is not within the conservation area.

Kind regards

Kath
